All vehicles hazard warning lights on

Caution - cycle route sharing
access route to events area.

Coopers field events
 area entrance/exit

- #### EVENT MANAGEMENT - CARE OF TREES
1. The event manager / hirer shall ensure that no vehicles park or manoeuvre on unprotected grass beneath the canopy of any tree
 2. No structure or fixing pins shall be used beneath any tree canopy.
 3. No structure shall be positioned beneath or interfere with any tree canopy.
 4. No tree or shrub shall be pruned under any circumstances without prior permission
 5. No materials, equipment, containers, chemicals, fuel to be stacked or stored beneath the canopy of any tree.
 6. No exhausts from heaters, generators etc. shall be positioned beneath the canopy of any tree and all exhausts shall be directed away from the tree canopy.
 7. No cooking or fires shall be permitted beneath the canopy of any tree.
 8. No cables, lighting, notices, signs, fixings of any description shall be attached to any tree.
 9. No trees shall be used to elevate any lighting, cabling or wiring, or signs
 10. Any damage caused to trees as a direct result of the event shall be charged to the Hirer. The cost of repair or replacement shall be determined by the council's parks Service and shall be non-negotiable.
 11. No trenching, excavation or changes in ground levels to be undertaken beneath the canopy of any tree.
 12. Any protective fencing positioned around the trees shall remain in position during the duration of the event and shall not be removed or repositioned.
